HOBBIES

- Traveling
- Music
- Sport

SUMMARY

Highly motivated and detail-oriented Electrical and Computer Engineer with a strong foundation in designing, analyzing, and optimizing complex electrical systems and embedded technologies. Skilled in integrating hardware and software to create innovative and efficient solutions for modern engineering challenges.

TOOLS AND CERTIFICATION

- ❖ **Hardware Design:** Experience with circuit design, FPGA programming (e.g., Verilog/VHDL), and microcontroller systems. Proficient in ATmega2560 and ESP32 microcontroller modules
- ❖ **Software Development:** Skilled in C/C++, HTML, CSS, JavaScript, Java, MIPS, and assembly language for embedded systems
Proficient in tools like Xilinx Vivado and PlatformIO.
- ❖ **Certification for application in web design and web development**

WORK EXPERIENCE

The Global Tech Experience | *Web Development Trainee* | Location (Remote) **Jan 2024 - April 2024**

Amazon **April 2022 – present**

Electrical Engineer **Sep 2014 – Sep 2021**

EDUCATION

University of Arizona – Bachelor of Electrical and Computer Engineering **Expected May 2027**

Senior Student **Present**

Previous Education

Bachelor's in electrical engineering **Sep 2009 – Jul 2014**
University of Douala (Cameroon)
